

Petition

Monty Don is a lot of things to a lot of people: he's that guy on that programme you don't watch, he's that guy who loves gardens and possibly turnips, he's also got really bad knees and once ran a jewellery business that supplied jewels to the likes of Elton John and Princess Diana.

He was also a first-class rapper and the voice who introduced the world to the sensational, laid-back rhymes of the band Beats International. Who could forget his opening lines to 'Dub Be Good To Me'? His funky fresh (yes, I went there) rhymes? It has been far too long so the aim of this petition is to bring Monty Don back to the stage, mic in hand, ready to rap back the years and rap it like it was 1990 all over again.

Please sign this petition to show Monty that he is missed and needs to return to the job that spawned his entire career.
